

Industrial Columnar Activated Carbon For Air Purifier Wastewater Treatment

Our Product Introduction

Basic Information

- Place of Origin: Datong, Shanxi, China
- Brand Name: Xinyue
- Minimum Order Quantity: 1 Ton
- Packaging Details: 500kg/bag , 25kg/bag
- Payment Terms: T/T
- Supply Ability: 100,000 Ton/Tons per Year

Product Specification

- CAS No: 64365-11-3
- Purity: 99.99%
- Type: Adsorbent
- Iodine Number: 800-1200mg/g
- Ash: <12
- Moisture: <5%
- EINECS No: 264-846-4
- Package: 500kg/bag Or 25kg/bag
- Hardness: >95%
- Highlight: **Industrial Columnar Activated Carbon,
Air Purifier Columnar Activated Carbon,
Columnar Activated Carbon Wastewater
Treatment**

Product Description

Columnar Activated Carbon / Air Purifier / Waste Water Treatment

Columnar activated carbon is a type of activated carbon that is shaped into small columns or cylinders, commonly used for gas phase adsorption

Applications of Columnar Activated Carbon:

Gas Phase Adsorption: Columnar activated carbon is extensively used in gas masks, air purifiers, and industrial ventilation systems for the removal of toxic gases, odors, and volatile organic compounds (VOCs).

Its shape and size make it suitable for holding in fixed beds through which gases can pass, ensuring maximum contact and adsorption efficiency.
