

Wood Concentrated Active Carbon Charcoal Effective Activated Carbon For Odor Control

Our Product Introduction

for more products please visit us on activatedcarbon-charcoal.com

Basic Information

- Place of Origin: Datong, Shanxi, China
- Brand Name: Xinyue
- Minimum Order Quantity: 1 Ton
- Packaging Details: 500kg/bag , 25kg/bag
- Payment Terms: T/T
- Supply Ability: 100,000 Ton/Tons per Year

Product Specification

- CAS No: 64365-11-3
- Purity: 99.99%
- Type: Adsorbent
- Iodine Number: 800-1200mg/g
- Ash: <12
- Moisture: <5%
- EINECS No: 264-846-4
- Package: 500kg/bag Or 25kg/bag
- Hardness: >95%
- Highlight: **Wood Concentrated Active Carbon Charcoal, Odor Control Active Carbon Charcoal, Effective Activated Carbon For Odor Control**

Product Description

Wood Concentrated Activated Carbon / Effective Odor Eliminator

High pore density: The source is wood, with its natural fiber structure, which gives the manufactured activated carbon a high pore density and surface area.

Good mechanical strength: the fiber structure of wood also provides good mechanical strength to the final activated carbon, making it suitable for use in continuous industrial processes.

Excellent adsorption properties: The high specific surface area and optimized pore structure enable effective adsorption of molecules of all sizes, including organics, heavy metals and other pollutants.

Wide range of applications: It can be used in a variety of fields such as water treatment, air purification, and chemical recycling.
