

## Pure Industrial Wooden Granular Activated Carbon For Water Purification

### Our Product Introduction

for more products please visit us on [activatedcarbon-charcoal.com](http://activatedcarbon-charcoal.com)

#### Basic Information

- Place of Origin: Datong, Shanxi, China
- Brand Name: Xinyue
- Minimum Order Quantity: 1 Ton
- Packaging Details: 500kg/bag , 25kg/bag
- Payment Terms: T/T
- Supply Ability: 100,000 Ton/Tons per Year

#### Product Specification

- CAS No: 64365-11-3
- Purity: 99.99%
- Type: Adsorbent
- Iodine Number: 800-1200mg/g
- Ash: <12
- Moisture: <5%
- EINECS No: 264-846-4
- Package: 500kg/bag Or 25kg/bag
- Hardness: >95%
- Highlight: **Wooden Granular Activated Carbon,  
Pure Granular Activated Carbon,  
Industrial Activated Carbon For Water  
Purification**

## Product Description

Wooden Activated Carbon For Pure Industrial / For Pure Industrial Use

Pure industrial wood-based activated carbon usually has an irregular granular form, which contributes to its mechanical strength and flowability.

It has a high specific surface area and a well-developed microporous structure, which enables it to adsorb molecules efficiently.

Application areas

Industrial water treatment: for the removal of organic pollutants, heavy metals, colours and other harmful substances from water in industrial production processes.

Air purification: In industrial emission control for the removal of odours, fumes, volatile organic compounds (VOCs) and other air pollutants.

Chemical Recovery: In the chemical industry, to recover solvents and capture other valuable chemicals.

Food and beverage production: In food processing, for decolourisation, deodourisation and removal of impurities to ensure product quality.

**Hong Kong Xinyue Activated Carbon Limited**
