

## Purified Activated Carbon Granules For Remove Pollutants Medical Use

### Our Product Introduction

for more products please visit us on [activatedcarbon-charcoal.com](http://activatedcarbon-charcoal.com)

#### Basic Information

- Place of Origin: Datong, Shanxi, China
- Brand Name: Xinyue
- Minimum Order Quantity: 1 Ton
- Packaging Details: 500kg/bag , 25kg/bag
- Payment Terms: T/T
- Supply Ability: 100,000 Ton/Tons per Year

#### Product Specification

- CAS No: 64365-11-3
- Type: Adsorbent
- Iodine Number: 800-1200mg/g
- Ash: <12
- Moisture: <5%
- EINECS No: 264-846-4
- Package: 500kg/bag Or 25kg/bag
- Hardness: >95%
- Highlight: **Purified Activated Carbon Granules,  
Medical Activated Carbon Granules**

## Product Description

Purified Activated Carbon Granules / Remove Pollutants And Improve Water Quality

### Application areas

Medical use: for purification steps in drug manufacturing processes, as well as medical products used in dialysis and surgery.

Food and beverage processing: removes color, taste and odor, as well as removes hazardous substances to ensure food safety and compliance with hygiene standards.

Drinking Water Treatment: Provides efficient removal of organics, chlorine and its by-products, heavy metals and other harmful substances.

High-end water treatment systems: for water purification in swimming pools and spas, as well as for the production of ultrapure water for use in the electronics industry.

Air Purification: In environments where high purity air is required, such as semiconductor manufacturing, pharmaceutical production and precision instrumentation rooms.

Waste Management: For hazardous waste disposal and emergency response to chemical spills, effectively controlling the spread of contaminants.
